January 2023 New and Existing Sponsor Training Schedule

Division of Apprentice Standards Training Summaries:

To enhance understanding of the Commonwealth's Sponsored Apprenticeship and the activities Sponsors must undertake to have a successful apprenticeship program, the Division of Apprentice Standards offers monthly trainings to assist with our online ePlace portal system, as well as to educate on the facets of each program. These are our current offerings:

Training I - Using the Online ePlace Portal: Account Linking & System Functionality:

Every week the Division of Apprentice Standards offers training to existing Sponsors on how to create an account and link their Sponsor profiles through our public-facing ePlace portal to their existing Sponsor program. Additionally, all sponsors will learn how to register apprentices, conduct renewal transactions, and complete amendments to update sponsor programs and apprentice participation. This is an interactive training and questions are encouraged. If additional troubleshooting is required, sponsors may use time at the end of each training to receive additional support from DAS staff.
